

Is the union misleading you again?

NNU Claims:

Franklin Square nurses will get more paid time off (PTO) if they unionize.

Here are the facts:

PTO is part of the MedStar Health Total Rewards package.

All benefit-eligible associates receive the same benefits, whether they are unionized or not.

MWHC nurses are paying union dues for the same amount of PTO as non-unionized nurses.

Ask yourself:

If NNU can guarantee more PTO, why didn't MWHC nurses get it?

The reality:

NNU cannot guarantee PTO increases. These are promises used to persuade nurses to support unionizing and pay union dues.
